Subject: Notice in Accordance with Section 8(e): Results of an Acute Toxicity Test in Daphnia (*Daphnia magna*) with Tris-(2-ethylhexyl)amine (CAS No. 1860-26-0)

Dear Sir/Madam:

BASF Corporation is submitting results of an acute toxicity test with Tris-(2-ethylhexyl)amine in daphnia (*Daphnia magna*), conducted by BASF SE, Ludwigshafen, Germany. The substance is an industrial intermediate.

The test was conducted in a semi static system (renewal of test solutions after 24 hours) over 48 hours according to the following test guidelines: OECD Guideline for Testing of Chemicals, No.202, Daphnia sp. Acute Immobilisation Test. EEC Directive 92/69/EEC, Annex V, Part C.2. Acute Toxicity for Daphnia. The following nominal concentrations were tested: 0, 0.022, 0.05, 0.1, 0.22, 0.5 and 1.0 mg/L

All test solutions were visible clear over the entire exposure period. The analytically determined concentrations of the test substance in the highest test concentration (1 mg/L, nominal) were 0.115 mg/L at the start and 0.046 mg/L at the end of the exposure.

Page 2

The following effect concentration (mg/L) were obtained based on nominal concentrations:

	Observation time
	48 h
EC0	0.1 mg/L
EC50	0.15 mg/L
EC100	0.22 mg/L

Definitions:

EC0 = maximum concentration tested at which $\leq 10\%$ of the animals were immobilized within the exposure period

EC50 = concentration estimated to immobilise 50% of the daphnids within the test exposure period

EC100 = minimum concentration observed to immobilize 100% of the daphnids within the exposure period

BASF Corporation understands that reporting of the results from this study under TSCA 8(e) is in accordance with EPA's policy.

If you have any questions, please call Janet Cerra at (973) 245-6693.

Sincerely,

Janet Cerra

After printing this label:

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

Warning: Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$500, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.
